Boyette, Albernarle.

Supreme Vice-Chancellor Charles E. Supreme Vice-Chancellor Charles E. Shiveley, of Indiana, representing the Supreme Lodge, delivered a splendid address on the growth and condition of the order. About twenty-five past chancellors were admitted to the lodge. A fraternal greeting was received from the Grand Lodge, Royal Arch Masons, now in session here, and resolutions exchanging the greeting were drawn up.

At 1 o'clock a recess was taken and the, entire lodge was entertained at luncheon in the MacRae building. At 2 o'clock the afternoon session was called to order. The most important committee report at the afternoon session was on widows and orphans. The Grand Lodge orphan fund now amounts to \$10,289,82. The er ablishment of the orphanage was discussed, and it was ordered that a special committee, with Rev. P. R. Law, of Lumber Ridge, as chairman, be appointed to act in conjunction with the regular committee with reference to looking over the field for a site for the proposed orphanage when the Grand Lodge is ready to build.

Winston-Salem was decided upon as the next place of meeting, the dates to be agreed upon later. A beautiful tribute of respect was paid to the late J. Robert Jordan, of Asheville, who was State Lecturer. Fifty-three deaths have occurred during the year out of a memberahip of 60,000. The condition of the order in the State was never better.

The Grand Lodge adjourned at 4:45 o'clock and became the guests of Captain Harper for a trip on the steamer Wilmington. The closing business session will be held to-morrow.

ternoon to the pursuit of pleasure, which was bountiful.

The morning was spent on the water, the visitors having been given a trip down the Cape Fear River. Many ladies were in the party. A luncheon was served on the boat. In the afternoon the entire party took trolley cars, chartered for the occasion, and made a run through the city, and then a trip to Wrightsville Beach, where the pleasures of the ocean side were enjoyed in the fullest measure for several hours.

The local Masons proved excellent hosts, and the visitors were profuse in their expressions of gratitude for the many favors showered upon them.

To-night the commandery met, and the attendance was even larger than at the chapter meeting last night.

There seems to be a band of postoffice robbers in this section, confining themselves to the smaller offices. Two weeks ago the Thomasville office was broken into and robbed; last week the Jonestown office had a similar experience, and Monday night the postoffice at Pinnacle, in Burry county, was broken open, about ji50 in money and stamps being taken. Judge W. P. Bynum yestorday received intolligence of the serious illness of his mother, widow of the late Major B. F. Gynum, residing at Germanton, Stokes county.

WINSTON-SALEM, N. C., June 17.—
The twenty-ninth annual meeting of the North Carolina Dental Society opened here to-night. The attendance is unusually large. A charming address of welcome was made by Mayor O. B. Eaton. The response by Dr. E. D. Tucker, of Roxboro, was no less appropriate and captivating. The annual address by the president, Dr. J. H. Benton, of Newbern, owing to his indisposition, was read by the secretary, Dr. J. Martin Fleming, of Raleign, his address the president reported about 250 practicing dentists in the State, while less than one hundred of this number were members of the society. Dr. Pleming quoted the court clerks as saying that one-fourth of the dentists in the State were not complying with the laws the suggested that this matter be investigated.

RALEIGH, N. C., June 17,—At a largely attended meeting of temperance advocates held last night in the Senate Chamber an Anti-Saloon League for Raleigh was organized with W. N. Jones president and A. A. Thompson secretary. The statement was made by the president that the league must count the noses of its supporters and work upon a sure footing before inaugurating any mowement for an election on dispensary or prohibition.

## **ALWAYS TIRED**

To be tired out from hard work or bodily exercise is natural and rest is the remedy, but there is an exhaustion without physical exertion and a tired, never-rested feeling—a weariness without work that is unnatural and shows some serious disorder is threatening the health. One of the chief causes of that "Always-tired, never-rested condition" is impure blood and bad circulation. Unless the body is requisited with rich pure blood there is lack of

lation. Unless the body is nourished with rich, pure blood there is lack of

nervous force, the muscles become weak, the digestion impaired, and general disorder occurs throughout the system. Debility, insomnia, nervousness, indigestion.

vousness, indigestion, dyspepsia, loss of appetite, strength and energy, and the hundreds of little spepsia, loss of appetite, strength and energy, and the hundreds of little alliments we often have are due directly to a bad condition of the blood and circulation, and the quickest way to get rid of them is by purifying and building up the blood, and for this purpose no remedy equals S. S. S., which contains the best ingredients for cleansing the blood and toning up the system. It is a vegetable blood purifier and tonic combined, that enriches the blood, and through it the entire system to provide a referching sleep comes to the tired payer, rested body.

Baker, likewise was designated as a laborer on the postoffice roll, April 29, 1898, at \$700 per annum, and on the same date as a mechanic on the free delivery roll at \$2 a day. The inspectors continuing say that on June 20, 1899, twenty-two employes were borne on the rolls and paid on what had been known as the "military roll."

on June 20, 1899, twenty-two employes were borne on the rolls and paid on what had been known as the "military roll," while the "military roll," shows thirty-four names as having been paid by the cashler of the Washington office.

There was also found a special roll of employes, paid from miscellaneous alforments, and the control of the Postoffice Department. This roll consists or nine "cleaners," with salaries from \$400 to \$500, and one "physician," at a salary of \$1,700. Some of these "cleaners" appear to have performed very little, if any, service.

PERFORMED NO SERVICE.

The most important exhibit is the confidential report of Postoffice Inspector-incharge Smith, of the Washington division, made in July, 1899. He names four employes on the "military roll," who appear not to have performed any service in connection with military postal matters, and for whose original appointment or continuance on the rolls no good reason could be found.

Attention is called to additional irregularities in connection with physical appointment or chargeable to the United States.

An interesting feature concerns irregularities in the appointment, compensation and promotion of Oliver H. Smith. On November 20, 1897, the first assistant postmaster authorized an allowance of

tion and promotion of Oliver H. Smith. On November 20, 1897, the first assistant postmaster authorized an allowance of \$600 per annum for his appointment as a laborer, stating that the free delivery division would allow \$2 per day to cover car fare and incidental expenses. Smith drew pay from November 23, 1897, to November 30, 1898, making his compensation for one year approximately \$1,348.60. The inspector reports: "No one has certified to the actual time Smith was employed, nor has any statement beer attached to his pay vouchers showing what particular service he rendered." He was continued in the dual capacity of clerk and mechanic until April 1, 1899, when he was promoted to he finance clerk at \$1,700 per annum.

The inspector says he knows of no authority of law for his appointment or promotion.

Attention is next called by the inspector to certain youchers authorized to be paid by the first Assistant Postmaster-General.

thority of law for his appointment of promotion.

Attention is next called by the inspector to certain vouchers authorized to be paid by the first Assistant Postmaster-General, such as expenses of Perry S. Heath and George W. Beavers, traveling on different business.

MADE TO PAY THEM.

Attention is called to seven cleaners placed on the pay roll of the Washington office under authority of the First Assistant Postmaster-General, to be charged to the appropriation for miscellaneous expenses. The names of these cleaners—all female—are given.

The inspector states that neither the postmaster nor anyone connected with the Washington office was able to give any information as to where they were employed or the nature of their work, and the inspector is of opinion that practically me service whatever has been rendered for, the money expended.

When the cashler of the Washington postoffice, on letters from the Comptroller, suspended payments to certain persons mentioned, he was "required to continue these payments upon direct written order from the postmaster, who states he was verbally instructed in his action by the First Assistant Postmaster-General. The payments were made under the cashler's protest."

The inspector serves payment to Catherine Endsley, Charles A. Machen, A. B. Hurt, H. L. Lorenz, John S. Leach and F. W. Wait on the authority of the First Assistant Postmaster-General of per diem aggregating \$4.355. without authority of law.
